

Lodge Prestige Collection 2020

Being driven by the vast experience in the hotel business and the knowledge acquired throughout years of travelling around Europe we have realised that camping as a form of recreation has never ceased to be popular.

What's more, year by year it is gaining more and more fans. Nothing surprising about that since this way of spending free time combines two fantastic qualities the freedom of relocating and the ability of keeping the comfort of the family atmosphere.

As the biggest manufacturer of mobile homes in Central and Eastern Europe we are happy to present our new chalets and lodges collection. We are also pleased to introduce our newest product – Spa & Sauna units. All of our products are available in several hardware and trim options. Lark products reach the highest quality standards and combine the excellent style with the attention to details. Our aim is to meet the expectations of every individual customer.

## TRANSPORT

Lark houses are always delivered on time to the place indicated by the customer. A modern logistics center provides our customers with transport within Europe, Scandinavia, and the British Isles. Lark Logistic is high-class transport equipment and highly qualified staff specializing in the transport of mobile homes and oversized cargo.

Lark Logistic is above all about responsibility, timeliness, and diligence resulting from many years of experience in the international transport of small and large format items. As a manufacturer of high-class houses, we decided to ensure the quality of deliveries ourselves. The most important for us is our customers' satisfaction.

Lark Leisure Homes Factory is a facility with a total area exceeding 4 hectares, of which over 10,000 m<sup>2</sup> is a modern, high-class machinery park set for maximum performance and quality of production. The highly automated production line allows us to produce over 1000 Mobile Houses a year! Therefore we are becoming the most modern factory of this type in Central and Eastern Europe, and also the largest exporter of mobile houses in Europe.

## OUR TEAM

The interdisciplinary team of Lark Leisure Homes Consultants combines the vision of interior design, architecture, and technical support. At any time, we are ready to help you choose the right home and guide you through the purchase process of your dream Lark Mobile Home. Nice and friendly atmosphere matters, customer satisfaction is our main priority.

The design department along with the dedicated sales team will adapt the house design to individual needs and expectations using the team experience and modern design techniques.

Lark is an excellent ability to take the first steps and follow where nobody has been before.

Confidence, consistency, and optimism are a recipe for success for me and my whole team.

## B o d e n s e e L o d g e

Elegant and polished in every detail with a great deal of care and craftsmanship put in to create. A very spacious salon will convince everyone who respects their free time and appreciates every moment for a pleasant rest. The functionality of the double Lodge is complemented by convenient and comfortable bathrooms having them all to yourself is a necessity and a pleasure to be reckoned with. You will also enjoy completely functional kitchen and cosy decor of bedrooms. Bodensee is a real home that doesn't require a complicated investment process.

## Monaco Lodge

It is an ideal choice for those who value luxury solutions in spacious and well-designed interiors. An additional bathroom next to the main bedroom, as well as the pre-kitchen, provide greater comfort in use. A large, comfortable living room with modernly equipped kitchen, numerous glazing and chic finishes simply please the eye. Relaxing on a perfectly integrated terrace surrounded by nature will provide a sense of princely rest to each member of your family.

---

## San Marino Lodge

---

Elegant and modern villa straight from the sunny coast. A unique and characteristic design in its original style. Terrace roofing allows you to enjoy fresh air even on rainy days. The exceptionally large amounts of glazing make the sun a daily guest at Lodge San Marino.

## Sheraton Lodge

---

The Sheraton Lodge model also has some nice curiosities. The master bedroom with its own bathroom and wardrobe is located on the opposite side of the house to the other two bedrooms that can be used by both: children and adults. For your greater comfort we have offered a second bathroom with a separate toilet there. A beautiful, bright living room located centrally will make time spent together more pleasant for every family.

Customise your home to suit your needs!

We care about your needs – please look into the widest range of choices on the market right below:

### New! Fiberglass facade material

#### TREND collection

The collection is offered in four colours, which are available in two design versions: STONE - with natural stone image and SOFT - with a subtle, monochromatic shade. The new line follows the current trends in architecture, which are moving towards simple, large forms.

#### Classic Collection

This is the basic line in nine-colour range, both light and dark. Attractive looking wood texture and matt surface allow for creating incredibly aesthetic and long-lasting facade.

#### Wood Design Collection

Wood Design is a unique collection of facade cladding coming in natural wood colours to give its warm nature. It perfectly combines advantages of cladding boards with timeless beauty of natural wood.

- Wood-based structure
- Pests resistant
- Facade ventilation
- Lightweight which facilitate installation and does not burden construction
- Moisture resistant
- Guarantee
- No painting or maintenance required
- Ideal cover of the façade insulation
- Quick installation
- Durability, impact strength
- Latest Technology
- Easy to clean

## Roller blinds and curtains

You can choose from over 50 colours to make yourself feel at home!

## Upholstery

You can choose from over 90 colours! Here are some customer favourites:

# Why choose LARK - *the advantages of our products.*

1. A super-durable galvanized frame with a chassis of the durability far exceeding the competitor's products, able to withstand up to 12 tonnes of weight.
2. Ventilated wall and roof system - enabling the wall and roof construction to stay dry, and free from infestations.
3. A waterproof P5 board in the interior of the house (scratch-resistant, water-resistant, antibacterial, double-sided laminated, produced in just one place in Europe) Also the Agnes and Fibo Trespo wall panels are available in lodges as an option.
4. Large glazing areas and safety glass - unavailable in our competitors' house - the windows used are just the same as in regular buildings, much quieter, and much more efficient in the U value measures.
5. Our own furniture factory - matching all of the customer's needs - and the ability to design all possible changes.
6. Very large configuration options - even creation of houses from scratch - no other factory allows their customers for such an individualization.
7. The possibility of financing through the factoring - new to our offer, now we can help anyone to grow their business with LARK.
8. Very high quality - over 120 continuing quality checkpoints during the production process, highly skilled quality workers, two certificates by TUV Nord and NCC (National Caravan Council of UK) - we are the only factory in Europe to have gained those two.
9. The long manufacturer guarantees - due to the high quality of our products we can offer long warranty time.
10. The best water and heating systems from John Guest - used in airplanes, boats and even space shuttles.
11. Renowned suppliers of home appliances with the option of individualization of buildings - easy service and maintenance no quality compromised.
12. Up to 4 thicknesses of external wall thermal insulation offered - different U values for different climates.
13. Sound insulation inside the house and through window joinery - making LARK one of the quietest products in the market.
14. Heating and additional systems (alarms, air-conditioning, photovoltaic, etc.) - we are able to put almost every modern device used in home construction and make sure it will work properly.
15. Monolithic shower, no leaks, easy cleaning, functional layout. No flooding of bathrooms and floor construction, longer service life.

## W a r r a n t y

Our warranty is the best in the market and provides total protection for LARK products for 12 calendar months from the date of purchase of your mobile home giving you a peace of mind and comfort of use.

You can also enjoy the extended warranty on your home's construction elements that are important for its longevity and durability. Due to the use of materials from leading manufacturers, we are also able to offer products with extended warranty periods as outlined below.

### Warranty extended to 24 months for:

- Lark furniture and upholstered furniture
- Soft furniture upholstery and chairs
- Shower cubicles and shower doors

- Sanitaryware, wash basin and taps
- Contacts and switches provided by Le Grand
- Interior doors and door handles
- LED lights and lamp housings
- Door and window fittings
- Whirlpool home appliances

### Warranty extended to 5 years (4 years over 12 months) for:

- PVC windows and doors\*\*
- Condensing combi boiler\*\*
- Fully galvanized steel frame\*

### Warranty extended to 10 years (9 years over 12 months) for:

- PVC elevation
- Roof tiles
- Gutters and downpipes

### Warranty extended to 15 years (14 years over 12 months) for:

- Franke kitchen sinks
- Forbo PVC flooring

Additionally we offer a lifetime warranty on Blum furniture fittings

\* Warranty applies to zinc coating. It is also possible to extend the warranty period to 5 years provided that you allow an annual chassis review in year 3, 4 and 5 of the home use

\*\* These additional warranty products require regular servicing and proper maintenance according to the manufacturer's service manual

## Safety

Your safety is Lark's priority! All used materials fulfill highest structural and safety standards.

Our houses are built in accordance with all the requirements of the European Standard EN1647 which means that they are suitable for seasonal or holiday accommodation.

Also this year we are proud to present new models of our houses that meet all the requirements of the British standard BS3632 which means that it is more suitable for year round living! Additionally Lark models are certified by the TÜV Rheinland.

**LARK**  
MODULAR CONSTRUCTION SYSTEMS

God is in the details...

Being driven by the vast experience in the hotel business and the knowledge acquired throughout years of traveling around Europe we have realized that the future for the construction industry dwells in a modern way of thinking of building homes, which results in a modular approach.

[www.larkfactory.com](http://www.larkfactory.com)

Lark Leisure Homes Factory is a facility with a total area exceeding 4 hectares, of which over 10,000 m<sup>2</sup> is a modern, high-class machinery park set for maximum performance and quality of production. The highly automated production line allows us to produce over 1000 Mobile Houses a year! Therefore we are becoming the most modern factory of this type in Central and Eastern Europe, and also the largest exporter of mobile houses in Europe.
